*Breathless Wines is a family affair, built by the love of three sisters, Sharon, Rebecca, and Cynthia, and the passion for life that their mother passed down to them. The sisters, along with Breathless Winemaker Penny Gadd-Coster, are dedicated to creating refreshing method champenoise sparkling wines that pair well with life's special moments.*

*The vineyards for Breathless hail from the North Coast and particularly Carneros, one of the most prestigious regions in California for sparkling wines. The cooling marine influence results in grapes with deep complexity, acidity and longer ripening time.*

*With dramatic color and aromatics, this Brut Rosé has a round mouthfeel with creaminess from fine mousse. Fruit flavors of strawberry with a hint of cream and spice, are balanced by well-placed acidity. The finish is crisp and clean.*

*Penny Gadd-Coster's winemaking career began in 1987 at Jordan (then J) Vineyards & Winery. In 2008, Penny became the founding winemaker for Breathless Wines. Penny's talents have garnered more than 100 medals and 90+ ratings for the wines she has created. She was named "Winemaker of the Year" in December 2013, honoring her significant contributions to winemaking.*
